

# Albany Energy Limited

Level 3 & 4 Air Conditioning Energy Inspectors/Assessors

## TM44 Air Conditioning Energy Inspections

Legislation: (Energy Performance of Buildings Directive)

**Air Conditioning & Comfort Cooling Systems require an Energy Inspection & Report under the EPBD to promote improvement in energy performance of buildings.**

Which Systems require inspecting?

Cooling systems within a building with a 'combined output' of over 12kW .

*'Air Conditioning Energy Inspections'*  
**Now a Legal Requirement**

The purpose of Air Conditioning Energy Inspections is to provide the operator of the systems with key recommendations for saving energy and reducing CO2 emissions which in turn can reduce energy bills and waste...

We are able to undertake inspections throughout England, Wales and Scotland.
